

LOCKER COLLECTION

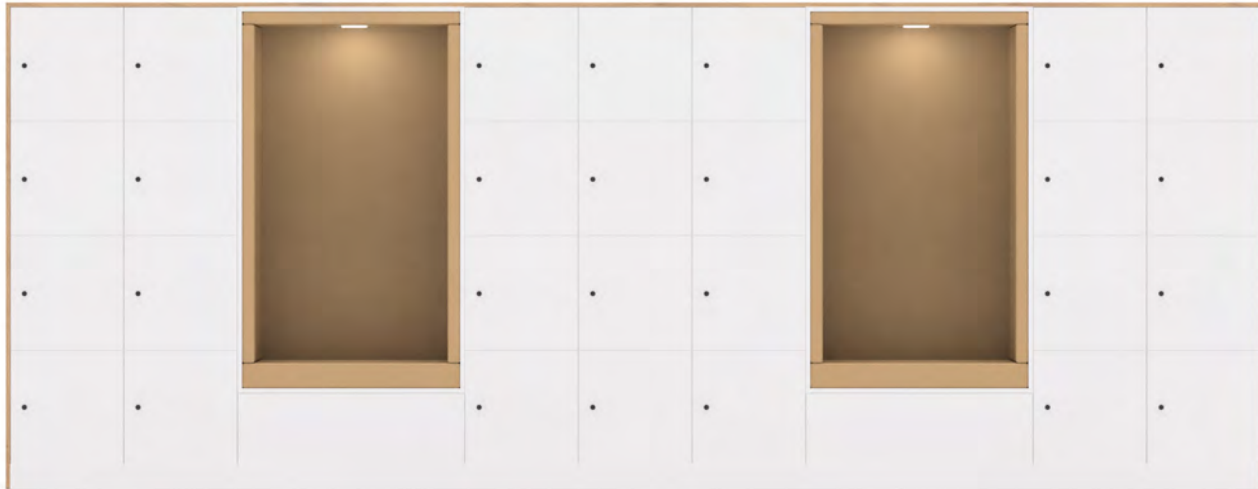

Welcome to a new era of workplace and leisure storage – where sophistication meets security, and style intertwines with functionality.

Crafted with precision and engineered for durability, our lockers are designed to not only safeguard valuables but also elevate the aesthetics of your environment.

Whether you are designing a new office space, a luxury spa, a premium gym, or any space where security and style converge, our lockers collection will provide endless possibilities.

SEAMLESS INTEGRATION

Elegance and Aesthetics:

Our lockers are more than just a storage solution; they are a design statement, embodying the quality you expect from Frem. With a variety of standard colour options, they seamlessly blend into any décor, enhancing the look of your workplace or leisure setting.

Durability and Quality:

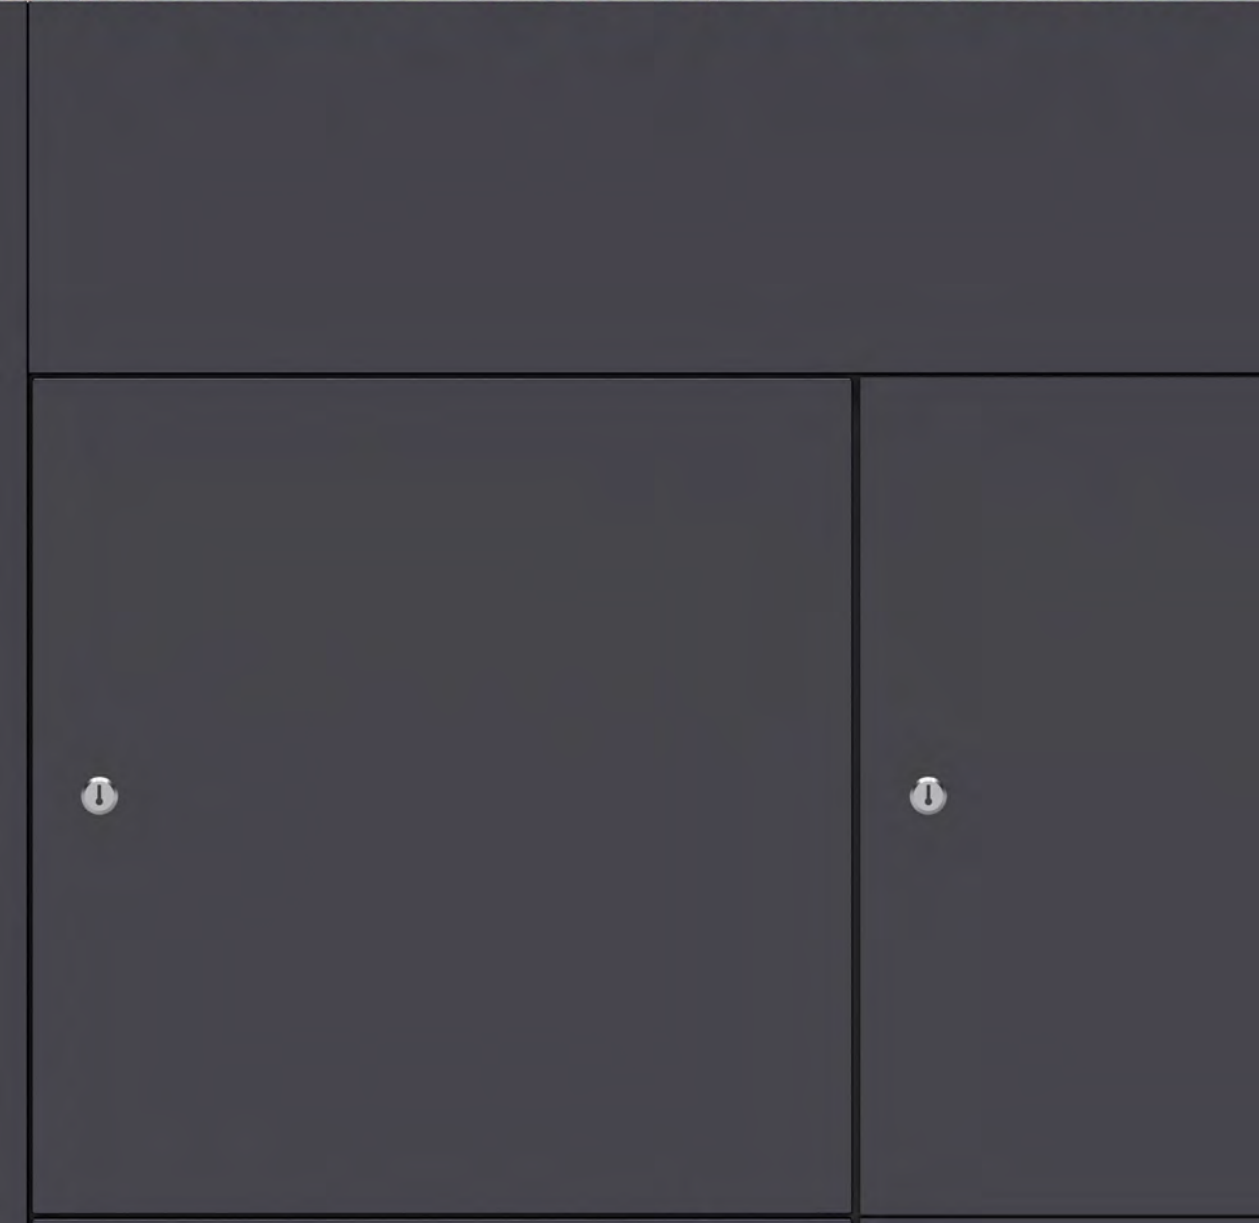

Built to withstand the hustle and bustle of daily life, our lockers are constructed from high-quality MFC material, ensuring long-lasting performance in the face of high usage wear and tear. They are designed to resist scratches, moisture and stains preserving their pristine appearance.

GREEN INFUSION

A MEETING PLACE

Smart Space, Smart Working

Incorporating our Oasis acoustic pod range into a locker wall will enhance the flexibility and functionality of your office space while providing employees with a quiet and private place to work, collaborate or hold meetings.

Shown here is the Oasis Atmos Phone Booth and Studio Pod, seamlessly integrated and colour matched with a selection of lockers design options to fuel your imagination.

STORAGE REDEFINED

Flexible Configurations

Tailor your locker set up to fit the unique needs of your environment. Choose from various sizes and configurations to accommodate different storage requirements. From compact or large lockers for personal items to open shelving, hanging space, seating nooks and media units. Our flexible solutions ensure that every item has its designated space and you can design it to completely suit your needs.

Tailored solutions:

We understand that one size does not fit all. Our lockers are available in a range of sizes, designs, and configurations, allowing you to tailor your storage solution to your specific needs. From personal lockers to communal spaces, we have a solution for all budgets including a range of lock options from standard key locks to electronic RFID.

A TOUCH OF NATURE

Lockers that breath life

You can choose to incorporate planters, which can be customised with your choice of plants, from cascading vines to vibrant succulents. The fusion of functionality and nature adds a touch of tranquillity to any indoor environment, improving air quality and overall wellbeing.

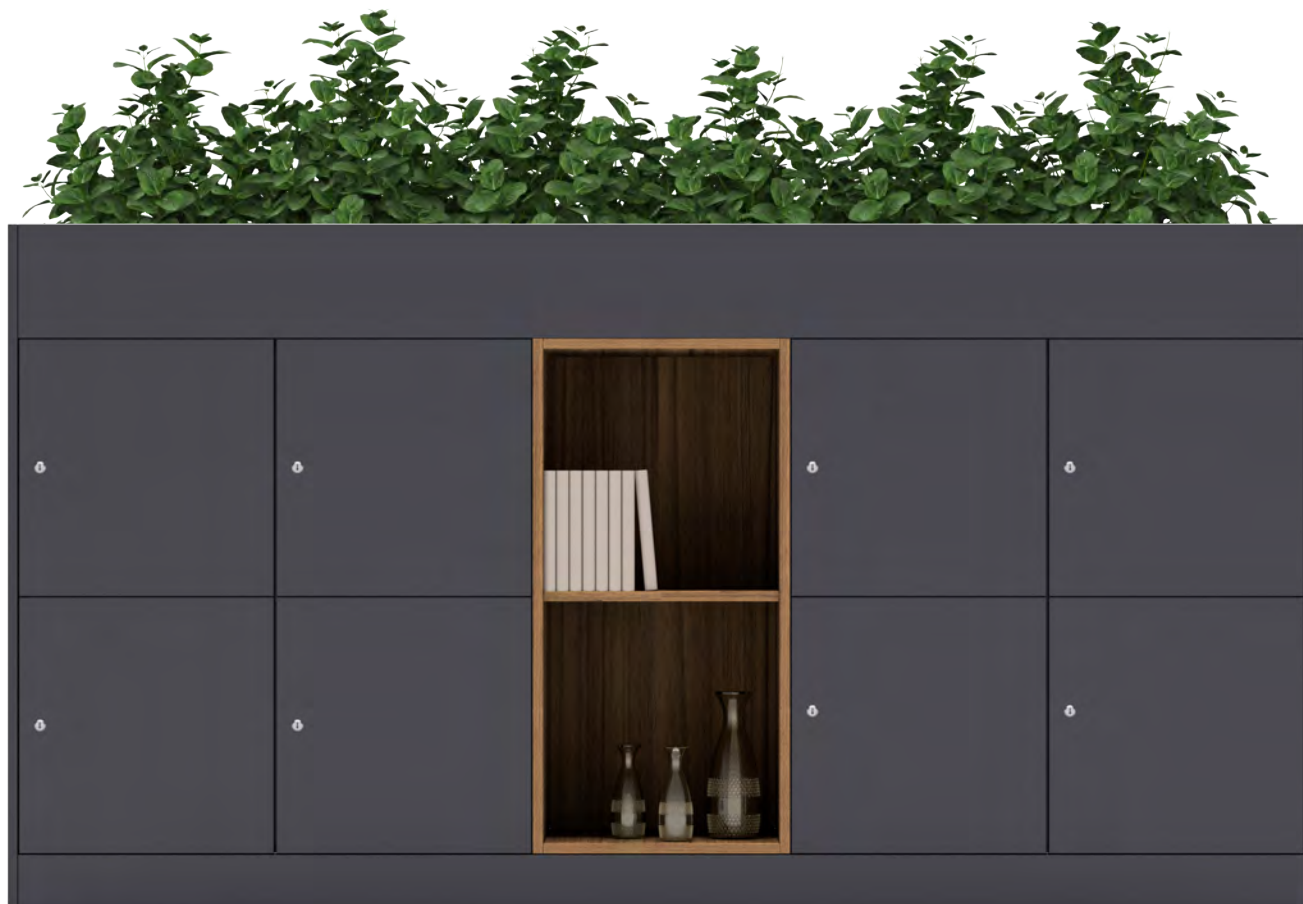

Maximise your space

Our lockers offer a multifaceted approach to open plan space division. An ideal practical solution for breaking up large areas into smaller intimate zones. Every inch of the office is used to full potential, eliminating wasted space and maximising productivity.

Clutter is also reduced by providing a dedicated space for employees to store personal belongings, creating a clean and organised environment.

TAKE A SEAT

A space to relax

Our seating nooks provide the option to integrate comfortable seating areas within your locker configurations. Providing a comfortable spot for a bit of downtime, that quick phone call or cup of coffee - seating nooks can be upholstered in your choice of fabric to suit your environment and they come with built in downlighting as standard.
